Re: Northeast Energy Center LLC (hereinafter referred to as "Applicant")
Petition for Approval for a Gas Liquefaction and Storage Facility
Docket # EFSB 18-04

Attorney Sedor,

The Charlton Zoning Board of Appeals (hereinafter referred to as "Board") formally requests intervenor status in the siting of the Natural Gas Liquefaction, Storage, and Truck-Loading Facility proposed by the Northeast Energy Center, LLC. The Applicant is seeking numerous zoning and use exemptions from the Charlton Zoning Bylaws for which the Board is the local granting authority. The Board is concerned that local relief may be available to the Applicant for some of the requested zoning exemptions. As of the date of this request, the Board has yet to consult with the Applicant regarding the relief they seek.

On April 9, 2019, the Board voted to submit this Petition and authorized the chair to act on behalf of the Board. We look forward to working with the EFSB and the Petitioner during the proceedings to achieve a favorable outcome for all parties.

Thank you for your consideration

Yours Truly,

Frank C. Lombardi
Chair, Zoning Board of Appeals
