

- List of Other Utilities in Operating Area (Form 6.10.2)
- List of Other Gas Operators in Operating Area (Form 6.10.3)
- Transmission Company Notification List (Form 6.10.4)

2.9 Select Remote Incident Command Centers

(Refer to Form 6.10.5)

Potential off-site command center locations should be strategically located throughout the operating area. Consider the use of a fire department facility and coordination with the Red Cross, as well as the availability of:

- Telephone
- Fax machine
- Cable modems
- Mobile communication
- Sufficient work space
- Independent sustained power sources (generators)
- Facilities for staff to eat and sleep
- Facilities separate from day-to-day operations
- Emergency operations shielded from visitors and media

2.10 Materials, Equipment & Computer Needs

- Gather and maintain materials and supplies needed at the Command Center to support field personnel during an incident. Include: flashlights, batteries, door knob cards, matches, lighter sticks, paper, pens/pencils, highlighters, name tags, cell phones, pagers, etc. (Refer to Command Center Supply List – Form 3.2A in - Outage)
- List key tools and equipment needed for support (refer to Form 6.11) and fleet equipment available (Refer to Form 6.12). Consider the following:

Form 6.11	Form 6.12
Cones	Backhoes
Electro fusion equipment	Backhoe trucks with compressors
Fire extinguishers	Cars
Fusion equipment	Crane trucks
Miscellaneous safety equipment	Dump trucks
Mobile flame ionization (FI) units	Fire trucks
Mud pumps	Fitter trucks
Pipeline stoppling & tapping equipment	Front-end loaders
PPE	Paving trucks
Shoring	Pickup trucks
	Portable compressors
	Plumber trucks
	Tow trucks
	Trailers
	Trucks with compressors
	Vans
	Water pumps
	Welding trucks

- Call the Technology Help Desk (1-877-357-3911) to establish an IT contact to help with identifying technology capabilities in the event of an emergency.
- Work with your IT contact to prepare a list of computer related equipment needed to operate from a remote command center. Consider items in Section 2.9 and below:
 - Computers
 - Cables
 - Cable TV service
 - Modems
 - Printers
 - Telephone lines and jacks
 - Fax machines
- Be prepared to provide the Help Desk with a list of technology needs whenever the request for support is made.

2.11 Emergency Needs of: Large Commercial & Industrial Customers; Municipals; Hospitals; Skilled Care and Special Needs Facilities

Assign company employee(s) - usually Key Account Reps – to document and communicate to field management, special considerations of critical care facilities, such as: hospitals/nursing homes; medical facilities (refer to Form 6.13); commercial/industrial customers that affect commerce, schools and institutions, day care facilities, etc.

2.12 Flood Prone Areas

(Refer to Form 6.14)

Prepare an index of flood prone areas by town, street, system number, and map number. Properly vent regulators (bottom vented or extended vented above anticipated water levels for service regulators).

2.13 Annually Review the Processes Associated with the Emergency Manual with Frontline Leadership

In addition to updating information within the manual, Operations Centers and other internal support groups performing emergency responsibilities (e.g., Engineering, Construction Services, System Operations, Gas Control Room), must review and update the Emergency Manual at least annually, not to exceed 15 months. This annual review must be documented and consist of date, location, who conducted the review, and attendees. The effectiveness of managing an incident is dependent on the awareness, knowledge, and training of company personnel in their assigned responsibilities during emergency situations. Form 2.13 may be used for the annual documentation.

2.14 Annual Incident Simulations

Annually, a simulation should be performed by using one of the following methods:

- Tabletop exercises:
 - Interactive discussions of hypothetical emergency situations with a small group
 - Include Gas Control Room personnel, if the situation could affect Gas Control Room operations
- Drills:
 - Limited in scope
 - Based upon evaluating interaction and coordination within specific work groups
 - Good indicator of participants' knowledge of required policies and procedures

Command Center Supply List

Supplies	Available
Employee Company Name Tags	
Markers/Pens/Pencils/Highlighters	
CGI Cards/Stamp w/ 800 Number/Stamp Pad	
Lighter Sticks	
Matches	
On/Off Stamps & Pad (2 sets)	
Flashlights	
Batteries	
Rubber Bands/Stapler and Staples/Paper Clips/Scissors	
Printer/Fax Combo - Copier	
Laptop (2) (1 for Hard Drive and 1 for Word Document)	
Printer - Basic	
Walkie/Talkie/Hand Held Radios	
Local Maps	
System Maps (Master and Smaller Set)	
Fire and Rescue Maps	
Extra Phone Cords	
Power Strips (2)	
Cell Phone Chargers	
Emergency Manual	
Flip Chart/Paper	
Magnetic White Board w/Name Tags/Dry Erase Board
