**Subject:** D.P.U. 19-07/19-AMP Discovery Clarification

Good afternoon,

The Department of Public Utilities (“Department”) was recently contacted by NSTAR Electric Company d/b/a Eversource (“Eversource”) to clarify a question involving Attachment A to the Department’s first set of information requests, issued on June 15, 2020. Specifically, Eversource inquired if the “# of Municipal Aggregation Customers” should be included in Attachment A, Table 1, Columns E, I, M, and Q, “Total # of Customers”. The formulae included in Attachment A, Table 1, Columns E, I, M, and Q rows 5 through 31, as issued, excludes “# of Municipal Aggregation Customers,” this exclusion was an oversight. To clarify, the Department requests that Fitchburg Gas and Electric Light Company d/b/a Until, Massachusetts Electric Company and Nantucket Electric Company d/b/a National Grid, and NSTAR Electric Company d/b/a Eversource include the “# of Municipal Aggregation Customers” in their “Total # of Customers” calculations.

As always, do not hesitate to contact me should you have any questions.

Best,

Katie Zilgme
