Supplier shall immediately and before conditions are disturbed notify Owner of: (i) subsurface or latent conditions; (ii) unusual geologic conditions at the Site which differ materially from those indicated in the Contract Documents for each Project; (iii) or artifacts or articles that may have historical or archaeological significance. Such conditions shall be investigated by Owner, and if such conditions do exist and cause an increase or decrease in Supplier's cost or time of performance, Supplier and Owner will address the impacts and a Change Order will be authorized. No request or Change Order under this provision shall be granted unless Supplier has given Owner immediate notice and confirmed such notice in writing within five (5) days of discovery.
- 2.4. Supplier shall assign a sufficient quantity of qualified and competent personnel to perform Work and shall provide supervision and oversight at the Site to direct and monitor Work. - 2.9. Supplier shall secure and protect its tooling, equipment, and the Work, including any Owner furnished equipment and materials.
- 2.10. Supplier shall attend all meetings as requested by Owner. Supplier shall require the attendance of its Subcontractors at all meetings that relate, in any way, to the components of the Work being performed by the respective Subcontractor. Supplier shall coordinate its Work with that of Owner's Separate Suppliers involved in the specific work or employed by Owner or working at the Project Site. At any time, Owner may require Supplier to replace any Subcontractor that Owner deems to be unacceptable. Supplier shall not enter into any joint venture agreements in connection with the performance of Work with any other contractor or subcontractor during the term of this Agreement. Each subcontract shall provide for a collateral assignment of the subcontract upon termination of this Agreement or a Purchase Order for a Project. Such collateral assignment shall provide that if Owner fulfills Supplier's obligations to Subcontractor, then Subcontractor will perform the subcontract on behalf of Owner, its successors, and assigns.
- 2.16. If Owner determines, in its sole discretion, that it is not in Owner's best interests for any Supplier employee or Subcontractor employee to be appointed to perform or to continue performing any of the Work, Owner may give Supplier written notice to that effect and Supplier will take prompt action, at no expense to Owner, to remedy the situation to the satisfaction of Owner including removing such employee or Subcontractor employee from the Work if requested by Owner. to perform covered tasks on Owner's facilities, and shall provide Owner with documentation of any modifications that are made to Supplier's written plan or to its employees' qualifications to perform those covered tasks (at an interval of not less than once per month). Supplier shall utilize a records management system, as directed by Owner, to track its employees' qualifications. Supplier shall ensure its employees' qualification records are accurately and timely reflected in the records management system used in the jurisdiction where Supplier will perform Work or a covered task. If Supplier performs Work or a covered task in multiple jurisdictions where Owner operates, Supplier acknowledges that its written Operator Qualification plan and the system used for records management may vary among state jurisdictions.

3. **INDEPENDENT CONTRACTOR.**

3.1. At all times during the term of this Agreement, Supplier shall be and remain an independent contractor. Supplier shall perform Work under this Agreement according to its own means and methods, and the performance of Work shall remain in the exclusive charge and control of Supplier. It is expressly understood that Owner does not directly hire any of Supplier's personnel or assume any liability therefor. Nothing herein shall be construed as creating a relationship of employer and employee between Owner and Supplier, or between Owner and any of Supplier's employees or agents. Supplier's employees shall be and remain employees of Supplier, and Supplier shall be responsible for payment of benefits and the entire compensation of each of Supplier's employees (or its beneficiaries), including employment taxes, unemployment compensation, and any similar taxes associated with employment. Supplier shall and represents that, as employer of such persons, it shall comply with all applicable laws and regulations, and agrees that upon request of Owner, it shall furnish to Owner evidence of payment of all wages and other compensation due such persons and evidence of compliance with all applicable laws and regulations. This Agreement is not exclusive. Except as set forth in a Purchase Order or as otherwise provided herein, Supplier has no power or authority to act for, represent, or bind Owner or any Affiliate in any manner.

4. **PRICE & CONDITIONS OF PAYMENT.**

- 4.1. Invoices. Supplier shall individually invoice for each Purchase Order on or before the fifth day of each month or upon such other time as may be mutually agreed, in writing. Supplier shall submit to Owner an application for payment or invoice ("Application for Payment") and, at Owner's discretion, may be required to submit a Supplier's Affidavit on a form approved by Owner, together with an original executed waiver of liens, and other appropriate supporting documentation required by Owner, for that portion of the Work completed during the previous month or other time as mutually agreed upon by the parties. Supplier shall also submit Subcontractors' original executed waivers of lien to date for the Work subject to the Application for Payment. Owner shall pay Supplier an amount equal to the undisputed value of Work via automated clearing house ("ACH") payments, within forty-five (45) days of receipt of Supplier's properly submitted Application for Payment. If the Supplier chooses not to settle properly submitted Applications for Payment via ACH, Owner agrees to make payment to Supplier via check within sixty (60) days of receipt of Supplier's properly submitted Application for Payment. Owner shall not pay any Application for Payment that it receives later than one hundred eighty (180) days after completion of Work. In the event of dispute with Owner concerning payment, Supplier shall continue to perform the Work diligently, provided that Owner shall pay amounts not in dispute. Owner will not process invoices received without information required by Owner. Invoices with missing information will be returned unpaid to Supplier for correction. Owner will indicate the specific information that is missing and will include resubmission information.
- 4.2. Supplier agrees to send and receive Invoices, Purchase Orders, Order Acknowledgements, and any other payment or Purchase Order correspondence over the SAP Ariba Network or SAP Fieldglass Network, as determined by Owner.
- 4.3. Invoices should be processed electronically over the SAP Ariba and/or SAP Fieldglass networks, as determined by Owner. Supplier shall complete the registration process for an Ariba Network Standard account or Enterprise account at the time of receiving the first Purchase Order from Owner or may register in advance and provide Owner with the Ariba Network ID ("ANID") which Supplier will use to invoice Owner. about supplier account types can be located at <https://www.ariba.com/ariba-network/ariba-network-for-suppliers/subscriptions-and-pricing>. Suppliers conducting business with the use of SAP Fieldglass will not submit invoices, but rather must follow the fee submission process in Fieldglass and include all applicable documentation identified in the applicable contract documents. Additional reference information can be obtained from Owner's Supply Chain department.

- 4.4. If Supplier needs to update information including but not limited to remittance address, fulfillment locations, payment information, or PO delivery email, Supplier shall use the SAP Ariba Supplier Lifecycle and Performance Tool ("SLP"). To make updates to records in SLP, contact your Owner Supply Chain partner. Nothing herein obligates Owner to make payment through electronic means.
- 4.5. Retainage. Unless otherwise set forth in the Purchase Order or other applicable Contract Documents, retention will not be withheld from Supplier's invoices. When set forth in a Purchase Order, Owner will retain ten percent (10%) of each invoice, or other amounts agreed to by the parties as set forth in the Purchase Order, until the Project has been completed and accepted by Owner.
- 4.6. Final Payment. Subject to the fulfillment of Supplier's obligations under the Contract Documents incorporated in each Purchase Order for a Project, final payment of all undisputed amounts due related to such Purchase Order but not previously paid to Supplier hereunder shall be made within forty-five (45) days of receipt by Owner of Supplier's final invoice; subject, however, to the condition precedent that final payment shall not be due until Owner accepts the Work for each applicable Purchase Order and all outstanding disputes relating to Work under the Purchase Order have been resolved. For Projects involving the construction of improvements to Owner's property, Supplier shall provide Owner satisfactory evidence that all liens, claims, obligations, and liabilities against Owner and its premises (including the Site), have been fully paid, satisfied, and released. Such evidence shall include Supplier's final, unconditional Lien Waiver for the final cost of the Work performed by Supplier and its Subcontractors.
- 4.7. Grounds for Not Paying Invoices. Owner may decline to pay any invoice, in whole or in part, to the extent Owner decides it is necessary to protect it from loss due to any of the following: (i) breach by Supplier of any of its obligations under the Contract Documents for a Project, including the costs to Owner of remedying the breach (whether by repairing or re-ordering any materials or re-performing any Work or otherwise) and all other costs directly attributable to other work that is required to be performed in connection with remedying such breach or remedying any Defective Work; (ii) third-party claims filed or reasonable evidence indicating probable filing of such claims; (iii) Supplier's failure to properly pay Subcontractors; (iv) damage to Owner or a Separate Supplier where such damage arises out of the actual or alleged willful misconduct or negligent acts or omissions of Supplier, any Subcontractor or its agents, employees, or any other person for whom, directly or indirectly, Supplier or any Subcontractor may be liable; (v) reasonable evidence that the Work will not be completed within the time requirements specified in the Contract Documents or Project Schedule for a Project; or (vi) unsubstantiated or unsupported amounts billed by Supplier.
- 4.8. Payments to Others. To the extent not covered in Article 4.6, Supplier shall provide evidence of payment of all indebtedness, satisfactory to Owner, and including final waivers of lien. This information shall be furnished to Owner by Supplier no later than the date Supplier submits its final invoice.
- 4.9. Right to Setoff. Owner may set off against any amount payable under the Agreement or a Purchase Order for a Project any and all present and future indebtedness of Supplier to Owner (including any indebtedness for which Owner may be primarily or contingently liable or ultimately responsible or which is or may become a lien on any property of Owner). This right to setoff is applicable to indebtedness arising from the Agreement, a Purchase Order, or any other transaction between Owner and Supplier, whether or not related to the Work performed pursuant to this Agreement or a Purchase Order for a Project.

The schedule shall be time scaled, complete and accurate in detail, depicting key milestones dates, work activities and durations. Upon review and acceptance by Owner the schedule shall become the Schedule.
- 5.3. Supplier shall continuously monitor, report, forecast and control the actual and planned progress of the Work in accordance with the Schedule. Supplier shall provide scheduling detail and reports as the Work progresses. If such reporting or forecasting indicates a delay or potential delay to any key milestones or completion dates, Supplier shall promptly advise Owner and initiate corrective action to eliminate such delay or potential delay at no cost to Owner. Supplier shall provide its corrective action plan to Owner for review.
- 5.4. Supplier's reports shall be sufficiently detailed to present Owner with an accurate status of the planned and actual progress of the Work's Schedule, variances from the Schedule and reasons therefor, and planned corrective action. Reports shall be in writing and provided as established by Owner in the Contract Documents.
- 5.5. In the event of a Force Majeure Delay, the key milestones or completion dates may be extended by Change Order in the manner set forth in Article 9, and such extension shall be Supplier's only recourse against Owner. In no event shall Supplier be entitled to collect compensation or damages for Force Majeure event delay. No Change Order for an extension of time will be issued by Owner unless Supplier provides Owner with notice of the delay. Such notice shall be in writing and delivered to Owner not later than five (5) days after the last day of the event-giving rise to the delay, which is the subject of the notice.

6. **INSURANCE**

- 6.1. General Insurance Requirements. Supplier shall procure at its sole cost and expense and maintain in effect during the term of this Agreement, and for a period of three years thereafter, the following insurance coverages, which insurance shall be placed with insurance companies rated A minus VII or better by Best's Key Rating Guide. If Supplier's insurance is canceled because Supplier fails to pay its premiums or any part thereof, or if Supplier fails to provide and maintain certificates as set forth herein, Owner shall have the right, but shall not be obligated, to pay such premium to the insurance company or to obtain such coverage from other companies and to deduct such payment from any sums that may be due or become due to Supplier, or to seek reimbursement for said payments from Supplier, which sums shall be due and payable immediately upon receipt by Supplier of notice from Owner.
- 6.6. Waiver of Subrogation. Supplier hereby grants Owner, and its successors, assigns, agents, officers, directors, and employees, a waiver of any right of subrogation which any insurer of said Supplier may acquire against Owner by virtue of the payment of any loss under any such insurance. Supplier shall obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not Owner has received a waiver of subrogation endorsement from any such insurer or whether any insurer has issued such an endorsement.

- 6.10. Non-limitation. The furnishing of insurance or certificate(s) of insurance by Supplier, or Owner's failure to require Supplier's submission of evidence of insurance, shall in no way relieve, or limit, or be construed to relieve or limit, Supplier and/or its Subcontractors of any responsibility or obligation whatsoever otherwise imposed by this Agreement or any Contract Documents.
- 6.11. Wrap-Up Provision at Owner's Discretion. Owner, in its sole discretion, may at its option, arrange for Worker's Compensation/Employer's Liability, Commercial General Liability, Pollution Liability, and/or Excess Liability insurance ("Wrap-Up Insurance") at no cost to Supplier and/or its Subcontractors in lieu of the coverages to be provided by Supplier as set forth in this Article 6.

In the event that Owner, in its sole discretion, elects to arrange Wrap-Up Insurance, Owner will provide written notice of such election to Supplier. In such event, Supplier and each of its Subcontractors shall furnish the necessary authorization for the Owner's insurer or its representative to obtain loss experience data. Owner and Supplier expressly agree that the Wrap-Up Insurance policies noted above are intended to be the primary means of protection for Supplier and/or its Subcontractors for on-site exposures only, and will insure on-site Supplier and/or its Subcontractor employee injury/death claims covered by Worker's Compensation and Employer's Liability insurance. Further, Supplier and/or its Subcontractors, shall abide by the requirements set forth in Owner's Wrap-Up Insurance Manual. The Wrap-Up Manual shall summarize all Wrap-Up Insurance provided by Owner and Supplier requirements associated with Owner providing the Wrap-Up Insurance. For the purposes of this Article, Supplier will provide the insurance coverages as listed within subsection 6.1.1 through 6.1.7 of Section 6.1 for Supplier's off-site Work. Owner retains the sole right to discontinue the Wrap-Up Insurance or to remove an enrolled Supplier or Subcontractor from the Wrap-Up Insurance. 6.12. Inapplicability to Limitation of Liability. Nothing in Article 6 shall be deemed to limit Supplier's liability under the Agreement regardless of the insurance coverages required hereunder. No limitation of liability provided to Supplier pursuant to this Agreement shall inure to the benefit of any insurer or in any way limit, alter, prejudice, diminish, abridge, or reduce in any way the amount of insurance proceeds otherwise payable to, or on behalf of, Owner under the coverages Supplier is required to carry pursuant to this Agreement. The parties expressly agree that they intend for the full amount of insurance coverage bargained for in this Agreement to be actually available notwithstanding any limitation of liability set forth in the Agreement.

7. **INDEMNITY.**

- 7.1. To the fullest extent permitted by law, Supplier waives any right of contribution and agrees to indemnify, defend and hold harmless Owner and its parent company, agents, affiliates, officers, directors, and employees (collectively, "Indemnitees") from and against all claims, damages, losses, fines, penalties and expenses, including attorneys' fees, related in any way to (i) any breach of this Agreement by Supplier; or (ii) Supplier's or its Subcontractors' or agents' performance of the Work (collectively, "Claims"), provided that any such Claims in subsection (ii) of this Section 7.1 are caused in whole or in part by any negligent act or omission of Supplier, any Subcontractor or any of its respective direct or indirect employees or agents for whose acts any of them may be liable. Such obligation shall not negate, abridge, or otherwise reduce any other right or obligation of indemnity or contribution in favor of the Indemnitees. Such obligation to indemnify, defend and hold harmless shall not be limited in any way by any limitation on the amount or type of damages, compensation, benefits or insurance proceeds payable by, for or to Supplier or anyone directly or indirectly employed by Supplier. The obligations of Supplier under this Article shall not extend to the liability of the Indemnitees arising out of the Indemnitees' sole negligence. To the extent that such claims for injuries and damages are not fully covered by Supplier's workers compensation program, or Subcontractor's workers compensation program, as applicable, then Supplier shall indemnify, defend and hold harmless the Indemnitees from any claims from injuries or damages arising from Supplier's employ or Subcontractor's employees performance of the Work. This obligation shall not be applicable where Supplier's employees or Subcontractor's employees are injured due to the gross negligence or intentional misconduct of Owner.
- 7.3. Supplier shall perform all required Work under this Agreement, including disposition of resulting waste products, in compliance with all applicable federal, state, and local environmental and safety laws, regulations, and ordinances, including the Occupational Safety and Health Act and applicable regulations. To the fullest extent permitted by law, Supplier agrees to indemnify, defend and hold harmless Indemnitees from any claims made or asserted against the same arising out of or related to such Work and alleging a failure to comply with any such environmental requirements, including any and all judgments, monetary penalties or fines directed against Indemnitees as a result of Supplier's performance of the Work, including attorneys' fees and expenses incurred by Indemnitees in any litigation or regulatory action arising out of such Work.
- 7.4. Supplier shall pay all royalties and license fees that may be payable on account of performance or use of any of the Work. Supplier agrees to indemnify, defend and hold Indemnitees harmless from any claims arising from or based on (in whole or in part) an allegation that the Work or any deliverable provided by Supplier (including all Work Product as that term is defined in Section 20.1 hereof) or Indemnitees' use thereof or the Supplier's performance of the Work infringes any patent, trade secret, trademark, copyright, or other intellectual property or proprietary right of any third party. At Supplier's expense, Owner may be represented by and actively participate through its own counsel in any such suits or proceedings if it so desires. In the event that Indemnitees' use of the Work, the

**NISOURCE CORPORATE SERVICES COMPANY

Work Product or any other deliverable under this Agreement is enjoined, Supplier shall, at Owner's option, either (i) secure for Indemnitees the perpetual right to continue the use thereof with the same rights that Indemnitees had prior to the injunction, or (ii) replace or modify the infringing part of the Work to make it non-infringing in a manner that is acceptable to Owner in its sole discretion.

- 7.5. Supplier shall indemnify, defend and hold Indemnitees harmless from and against any claim, expense, fine, levy, penalty, liability, or tax of any kind, including any employment, worker's compensation, unemployment compensation, or any tax sought to be imposed on Owner by any governmental authority or person on the grounds that Supplier or any of Supplier's employees, agents or Subcontractors are employees of Owner. Supplier further agrees to indemnify, defend and hold Indemnitees harmless from and against any costs of litigation and reasonable attorneys' fees incurred by Indemnitees in the course of any proceedings in which any such claim, expense, fine, levy, penalty, liability, or tax is sought to be imposed on Owner.
- 7.6. Supplier shall indemnify, defend and hold Indemnitees harmless from and against any claim, expense, fine, levy, penalty or liability of any kind sought to be imposed on Owner by any governmental authority or person as a result of Supplier or Subcontractor's failure to comply with regulations pertaining to anti-drug and alcohol testing programs and operator qualification programs. Supplier further agrees to indemnify, defend and hold Indemnitees harmless from and against any costs, including reasonable attorneys' fees, incurred by Indemnitees in the course of any litigation or regulatory action arising out of noncompliance with such programs and regulations.
- 7.7. Supplier shall have the obligation to defend all indemnification Claims in the name and stead of Indemnitees and in its own name, and to select counsel of its choice to represent itself and Indemnitees together or alone, whichever the case may be; provided that Supplier shall not settle such Claim or cause of action prior to obtaining the written consent of the Indemnitees; and provided further that if there is an actual or potential conflict of interest between Indemnitees and Supplier with respect to any such Claim, such that counsel selected by Supplier cannot represent both the Indemnitees and Supplier without waivers of such conflict, then Supplier shall pay the reasonable costs and expenses of the Indemnitees' separate legal representation, in addition to the cost of counsel selected by Supplier. Indemnitees shall have the right (but not the obligation) to defend any Claim for which they are indemnified by Supplier or Subcontractor hereunder and, in the event Indemnitees elect to exercise such right to defend themselves, shall be entitled to select counsel of its choice to conduct such defense; provided that the Indemnitees shall not settle such claim or cause of action prior to obtaining the written consent of Supplier. In the event Indemnitees elect to defend any such Claim, Indemnitees shall give notice to Supplier of such election.
- 7.8. Supplier's indemnification obligations set forth in Sections 7.3, 7.4, 7.5, 7.6 and 7.7 of Article 7 above are in addition to, and in no way shall be a limitation of, Supplier's indemnification obligations set forth in Section 7.1 above.
- 7.9. Supplier's obligations under this Article 7 shall survive any termination of the Agreement, the Work, or any Purchase Order for a Project.

8. CLAIMS.

- 8.1. If Supplier has any claim against Owner, excluding claims for payment relating to Change Orders, notice of each such claim shall be submitted in writing to Owner within ten days after the occurrence of the event giving rise to the claim. The notice shall include the nature of the cost or damage incurred and provide satisfactory evidence of the adverse impact on Supplier's performance of Work, Schedule, or cost. Resolution of properly filed claims is within Owner's sole discretion. If the Supplier disputes Owner's decision on Supplier's properly filed claims, Supplier may invoke the Dispute Resolution procedures of this Agreement.

Owner has the right to audit Supplier's requests for additional compensation including the financial basis.
 - 9.5. If Supplier and Owner disagree on whether work is within the scope of Work and such work must be performed to ensure timely progress, Owner will issue a disputed work order. Supplier shall diligently proceed with the disputed work and submit timesheets, invoices, and other supporting documentation for Owner review as the disputed work proceeds. Such review by Owner is not an admission of liability by Owner. Prior to final payment each disputed change will be resolved to the mutual agreement of Supplier and Owner.
 - 9.6. In the event Owner and Supplier do not agree on the price of a Change Order the price shall be the actual documented, verifiable cost by Owner and a fee for overhead and profit of not more than ten percent (10%).

13.3. Any notice of termination shall only affect the parties named in such notice and shall not affect the Supplier's Projects or Work with any Affiliate to the extent they are not specifically included in such notice of termination.

Additionally, NIPSCO shall require drug and alcohol tests to be completed whenever an employee receives an injury that requires medical attention, property damage, or any significant near miss incident where impairment cannot be conclusively ruled out as a potential contributing factor. The post incident testing can only be waived with the approval of the NIPSCO Project Representative.
- vi. For projects at NIPSCO that involve natural gas pipelines or liquefied natural gas facilities the following procedures in Section 15.9.1 hereof shall be adhered to.

- 15.10. As set forth in Owner's Contractor Safety Manual, Supplier is required to register, maintain registration, and provide periodic OSHA data, Insurance records and safety program documentation to Owner's third party administrator for review and monitoring of Supplier's safety and health programs and performance unless a waiver has been granted by Owner.

- 20.5. Supplier shall not use any Work Product, including any drawings, specifications, reports, or any unique design aspects of a Project in any other project without the prior written approval of Owner. Supplier's use of standard specification texts is specifically excluded from the provisions of this Article 20. The obligations of this Article 20 shall survive any termination of this Agreement.

Supplier's inability to obtain adequate or sufficient labor to maintain progress of the Work shall not constitute a Force Majeure event. No delay in performance resulting from a Force Majeure Event shall result in any liability on the part of Owner. Notwithstanding the preceding sentence, in the event of a delay caused by any act or failure to act on the part of Owner, Supplier's sole remedy shall be as set forth in Article 9.
- 24.2. The delaying party shall immediately notify the other party of the beginning of a delaying event, and confirm the notice in writing within ten (10) days of the beginning of the event. The notice shall contain an account of the delay, including cause, estimate of the duration,

GENERAL SERVICES AGREEMENT FOR PROFESSIONAL,
CONSTRUCTION, AND MAINTENANCE SERVICES AND MATERIALS

an estimate of the delay's impact to the Schedule or completion dates and the plan to mitigate the effects of the delay.

- 24.3. If Supplier is the delaying party, and the delay is a Force Majeure Event, Owner shall grant Supplier an extension of time for the Work to be mutually agreed upon by Supplier and Owner. The extension of time shall not exceed the length of the delay and such extension may be withheld or reduced in the event Supplier does not provide notice in accordance with Section 24.2. 25. UTILIZATION OF SMALL BUSINESS CONCERNS.

- 25.1. It is the policy of the United States and Owner that small business concerns, veteran-owned small business concerns, qualified HUB Zone small business concerns, small business concerns owned by socially and economically disadvantaged individuals, and women-owned small business concerns shall have the maximum practicable opportunity to participate in the performance of contracts let by any Federal agency, including contracts and subcontracts for subsystems, assemblies, components, and related services for major systems. For such agreement(s) greater than \$700,000 in estimated annual payments by Owner, Supplier shall (i) cooperate with Owner in creating an annual plan for each calendar year during the term of this Agreement, outlining how Supplier can provide business solutions in support of this inclusion and diversity initiative and (ii) submit, on a semi-annual basis during the term of this Agreement, a subcontracting report, in a format mutually agreed upon by Owner and Supplier, summarizing the results of Supplier's efforts and its utilization of Diverse Business Concerns.
- 25.3. - 26.1. Supplier shall, as applicable, if this Agreement supports Federal contracts of Owner or its Affiliates, and unless exempt, comply with the federal regulations pertaining to nondiscrimination and affirmative action in hiring and promotion (generally part 60-1 of Title 41 of the Code of Federal Regulations), including the following, as amended, all of which are incorporated herein by reference: (i) Affirmative Action Compliance Program (41 CFR 60-1.40); (ii) Affirmative Action in compliance with the Vietnam Era Veterans' Readjustment Assistance Act Protected Veterans (VEVRAA) (41 CFR 60-300.5); (iii) Affirmative Action – Individuals with Disabilities (41 CFR 60-741.4); (iv) Equal Opportunity (41 CFR 60-1.4); (v) Employer Information Report SF-100, annual filing (41 CFR 60-1.7); (vi) Fair Labor Standards Act of 1938; (vii) Prohibition of Segregated Facilities (41 CFR 60-1.8); and (viii) Executive Order 13496 Compliance (29 CFR 471). discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. These regulations further require that Supplier and its Subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status, or disability.

- 26.3. Supplier certifies that it does not and will not maintain or provide for employees any segregated facilities at any of its establishments, and that it does not and will not permit employees to perform its services at any location, under its control, where segregated facilities are maintained. As used herein, the term “facilities” means waiting rooms, work areas, restaurants and other eating areas, time clocks, rest rooms, wash rooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees; that are segregated by explicit directive or are in fact segregated on a basis of race, color, religion, sex, sexual orientation, gender identity, or national origin, because of written or oral policies or employee custom. A breach of the certification or assurance herein contained is a violation of the equal opportunity clause if that clause is required in this Agreement. Supplier shall include this clause in each proposed Project subcontract in excess of \$10,000.

27. **UTILIZATION OF DIVERSE BUSINESS CONCERNS.**

- 27.1. Central to Owner’s commitment to promoting inclusion and diversity is a fully integrated and operationally supported supplier diversity initiative. Affirming Owner’s commitment to supplier diversity and community economic inclusion, it is Owner’s policy that Diverse Business Concerns (as defined below) have the maximum practicable opportunity to participate in the performance of contracts let by Owner. Supplier shall use commercially reasonable efforts to utilize Diverse Business Concerns in the awarding of subcontracts and the sourcing of materials for the performance of this Agreement. For Purchase Order(s) greater than \$500,000 in estimated annual payments by Owner, Supplier shall (i) cooperate with Owner in creating an annual plan for each calendar year during the term of this Agreement, outlining how Supplier can provide business solutions in support of this inclusion and diversity initiative and (ii) submit, on a quarterly basis during the term of this Agreement, a subcontracting report, in a format mutually agreed upon by Owner and Supplier, summarizing the results of Supplier’s efforts and its utilization of Diverse Business Concerns.
- 27.2. Nothing contained in Section 27.1 shall require Owner or Supplier to pay a premium for the utilization of Diverse Business Concerns. Consistent with good business practices, Supplier shall perform the foregoing requirements while maintaining competitive prices for the materials and services procured from all suppliers. Supplier acknowledges that its annual plan(s) and subcontracting report(s) may be considered by Owner as a positive element in determining future contracting opportunities with Supplier.
- 27.3. As used herein, “Diverse Business Concern” means any subcontractor (i) certified as a HUB Zone business by the U.S. Small Business Administration, or (ii) in which fifty-one percent (51%) of the ownership and daily operations and control is by either (a) one or more women or (b) one or more individuals who are African American, Hispanic American, Asian Pacific American, Subcontinent Asian American, or Native American (c) one or more non service- disabled veterans; and (iv) one or more service-disabled veterans.

28. **INSPECTION.**

- 28.1. Owner shall have the right, but not the obligation, at all reasonable times to inspect the Work. Supplier shall furnish all reasonable assistance and provide all reasonable facilities and access for such inspection and testing on at the Site, Owner’s premises, at Supplier’s facilities, or at the facilities of any Subcontractor where any part of the Work is being manufactured, fabricated or performed. Such inspection by the Owner shall in no way relieve Supplier from its obligations under the Agreement or any Purchase Order issued under the Agreement.
- 28.2. Notwithstanding the foregoing Section 28.1, for Work that is to be enclosed or covered, no portion of the Work shall be enclosed or covered until inspected by Owner. Work covered prior to inspection (herein “Uninspected Work”) shall, at the request of Owner, be uncovered at the Supplier’s expense. If Uninspected Work is not in accordance with the Contract Documents for a Project, then Supplier shall remedy such nonconforming Uninspected Work at Supplier’s expense and shall pay the cost of re-examination and

GENERAL SERVICES AGREEMENT FOR PROFESSIONAL,
CONSTRUCTION, AND MAINTENANCE SERVICES AND MATERIALS

recovering regardless of whether the Uninspected Work is in conformance. Work, already inspected, or Work for which inspection has been waived by Owner (herein "Inspected Work"), may be ordered uncovered by Owner at any time for subsequent inspection. If so ordered by Owner, Inspected Work must be uncovered by the Supplier. If Inspected Work is in accordance with the Contract Documents for a Project, Owner shall pay the cost of re-examination and recovering. If Inspected Work is not in accordance with the Contract Documents for a Project, then Supplier shall remedy such nonconforming Work at Supplier's expense and shall pay the cost of re-examination and recovering.

28.3. In addition to the foregoing, Supplier shall immediately notify Owner in writing if Supplier at any time discovers any part of the Work to be defective or not in accordance with the Contract Documents for a Project. The provisions of this Article 28 shall survive Supplier's completion of the Work or the earlier termination or expiration of this Agreement or a Purchase Order for a Project.

29. **RISK OF LOSS/WARRANTY OF TITLE.**

29.1. Supplier shall carry on the Work at its own risk until the Work is fully completed and final payment has been issued to Supplier by Owner. If any loss or damage occurs to or affects the Work prior to completion and final payment has been issued to Supplier by Owner, Supplier shall at its expense promptly repair or replace the loss or damage; provided, however, that Supplier shall be entitled to receive from Owner the proceeds of all applicable insurance policies, if any, covering the loss or damage, but only to the extent that Owner's sole negligence caused such loss or damage. Unless otherwise provided in the Agreement, Owner's insurance policies will not in any event cover property of Supplier. When materials, equipment, or apparatus are furnished by Owner or by others for installation by Supplier, Supplier shall receive, unload, protect, store, remove from storage and handle with the same degree of care that it would its own materials, equipment, or apparatus.

29.2. To the extent Owner has made payments to Supplier for material, equipment, or apparatus, title to such material, equipment, or apparatus shall pass to Owner. Supplier warrants that the material, equipment, or apparatus, at the time title passes to Owner, will be free and clear of all security interests, liens, and encumbrances, or claims of Supplier and any third party.

30. **SUPPLIER'S DRAWINGS, SAMPLES, AND DOCUMENTATION RETENTION.**

30.1. Supplier shall provide Owner with all information and documentation (which includes drawings, reports, and designs) within Supplier's scope of Work and which is required by Owner for the design, construction, licensing, quality assurance, operation, or maintenance of the Work or of the facility for which the Work is intended. Supplier shall promptly provide to Owner all such information and other materials relating to the Work that Owner may request in connection with any filing or other submission Owner is making with any regulatory or other governmental body. Supplier may disclose all such information to such regulatory and other governmental body as required by law. Supplier shall notify Owner's Designated Representative immediately upon such request and in advance of such disclosure. In addition, Supplier shall cooperate with Owner as requested by Owner with respect to such filings or submissions.

30.2. Unless otherwise directed by Owner, Supplier shall retain and maintain (at no additional cost to Owner) at least one record set of all documents obtained or generated in the course of the Work for a period of ten years from the date of the completion of the Work. Supplier, at the end of the ten-year period, shall notify Owner of its intent to destroy the documents. If Owner requests that some or all of the documents be preserved for an additional reasonable period of time, Supplier shall comply with Owner's request, but has the option to return the documents to Owner for retention. Any request by Supplier to destroy such documents shall be in writing and sent to Owner at the address for notices. The obligations of this Article 30 survive any termination of this Agreement.

30.3. Any drawings or submittals required by the Contract Documents to be submitted to Owner for review shall be submitted by Supplier without unreasonable delay. Any Work initiated prior to written acceptance by Owner shall be at Supplier's risk. All drawings or submittals provided by Supplier shall become the property of Owner and review of drawings and submittals by Owner shall not relieve Supplier from fulfilling all obligations of Supplier under the Contract Documents, including obligations relating to design and detailing. As far

NISOURCE CORPORATE SERVICES COMPANY
GENERAL SERVICES AGREEMENT FOR PROFESSIONAL,
CONSTRUCTION, AND MAINTENANCE SERVICES AND MATERIALS

- as practicable, each drawing or submittal shall bear a cross-reference note referring to the sheet number or numbers of Owner's drawings showing the same Work.
- 30.4. If Owner has requested a sample or "mock up" of all or any portion of the Work, unless otherwise instructed in writing by Owner, Supplier shall not commence the associated procurement, fabrication or manufacturing Work until Owner has received such samples, or reviewed such "mock up." Approved Work is required to conform to such sample or "mock up."
31. **DAMAGES FOR DELAY.**
- 31.1. Supplier shall be liable for any damages incurred by Owner arising out of Supplier's failure to perform within the time requirements set forth in the Contract Documents. The Purchase Order and/or Contract Documents shall indicate whether Time is of the Essence in the performance of the Work and shall include agreed upon liquidated damages when Time is of the Essence.
- 31.2. In lieu of the above, when the parties have agreed to liquidate the amount of damages resulting from Supplier's failure to complete the Work in accordance with agreed upon schedule, the parties agree that such damages which may be incurred by Owner as a result of Supplier's failure to complete the Work in a timely manner are uncertain and difficult to estimate. The parties agree that the liquidated damages contained in the Contract Documents are reasonable and fair compensation for late performance. Supplier commits to pay and Owner agrees to accept such sum as liquidated damages and not as a penalty in the event of late performance.
32. **LIENS.**
- 32.1. Lien Indemnity. Supplier shall keep the Project Site, Owner's property, and any funds held by Owner free of any liens (including stop notices) of Supplier, and any SubSupplier. Should any such lien be asserted, Owner may, in its sole discretion (i) require Supplier, at Supplier's expense, to furnish an appropriate bond or title indemnity in the amount of one hundred fifty percent (150%) of the lien; and/or (ii) withhold funds otherwise due Supplier equal to one hundred fifty percent (150%) of the lien amount to assure payment of such liens.
33. **BACKCHARGES.**
- 33.1. Owner may impose back charges against Supplier or deduct back charges from payments due Supplier for performance or re-performance by Owner or others of Work including costs associated with Defective Work, non-performance by Supplier, termination for cause, clean up and disposal of Supplier's debris, damages to Owner's tools and equipment and warranty repairs.
34. **Ownership of Data**
- 34.1. Owner Data shall mean all data collected by Supplier or provided to Supplier by Owner in the provision of Services. Owner Data shall be used solely for the purposes of providing the Services to and on behalf of Owner and shall be maintained and stored so that such Owner data is not commingled with, viewed by or disclosed to other customers of Supplier.
- 34.2. Owner Data. All Owner Data is, or shall be, and shall remain the property of Owner and shall be deemed Owner Confidential Information. Without Owner's approval (in its sole discretion), the Owner Data shall not be (i) used by Supplier other than as necessary for Supplier's performance under this Agreement and solely in connection with providing the Services and the performance of Supplier's obligations under this Agreement, (ii) disclosed (except as otherwise required by law), sold, assigned, leased or otherwise provided to third parties by Supplier or (iii), commingled, or otherwise commercially exploited by or on behalf of Supplier (even if anonymized), except if it is otherwise publicly disclosed by Owner or as expressly permitted by this Agreement or as required by law. Supplier shall not possess or assert encumbrances or other rights in or to the Owner Data.
- 34.3. Intellectual Property Rights in Owner data and Owner Confidential Information. As between the Parties, all Owner Confidential Information, including the Owner Intellectual Property and the Owner Data, is, or upon its creation shall be, and shall remain the exclusive property of Owner perpetually, including ownership of intellectual property Rights therein. No title, right or interest in or to Owner Confidential Information, including the Owner intellectual property and the Owner Data, is transferred to Supplier as a result of this Agreement.

34.4. Supplier shall return all Owner Data to Owner upon Owner's request and at no cost to Owner.

35. **MISCELLANEOUS.**

- 35.1. Public and Community Relations. Supplier shall use its best efforts to maintain a good public image for and reputation of Owner and shall be responsive to concerns raised by community members. All information regarding this Agreement, or of a Project performed pursuant to this Agreement, requested by news, reporting, and other agencies will be handled as follows. Supplier shall maintain (itself or through a Subcontractor) capabilities of drafting professional responses to media and other inquiries and also maintain the ability to disseminate such responses. Such responses shall be submitted to Owner for submission by Owner to news, reporting or other agencies unless Owner authorizes the Supplier to submit such submissions to news, reporting or other agencies, as specifically directed by Owner's Designated Representative. In no event shall any communication or response be made to a third party, including the media, without the prior written approval of the Owner's Designated Representative. Supplier shall not disclose information of a sensitive nature to any third parties without Owner's prior written consent. With the sole exception of publication of such information within Supplier's corporate entity and subject to the Confidentiality provisions of this Agreement, Supplier shall not refer to Owner or any company affiliated with Owner in any advertising or other publication in connection with goods or services rendered by Supplier, without the prior written approval of Owner. No endorsement or license is implied or granted by Owner or any company affiliated with Owner by virtue of this Agreement. Supplier shall not, either directly or indirectly, publish or disclose any photographs, images, video, logos, copyright or trademark protected information of Owner, or any company affiliated with Owner; or use such information for its benefit or the benefit of any other party without the prior written approval of Owner.
- 35.2. Waiver of Consequential Damages. Supplier expressly waives all claims for all consequential, incidental, indirect, punitive, or special damages arising out of or relating to this Agreement or a Purchase Order issued pursuant to this Agreement. This waiver includes but is not limited to damages incurred for losses of use, income, profit including anticipated profits arising directly from the Work, financing, business and reputation, loss of management or employee productivity or of the services of such persons, delay, acceleration, extended general conditions, home office overhead, and principal office expenses including the compensation of personnel stationed at the home office. This provision shall survive the termination of the Agreement.
- 35.3. No Third-Party Beneficiaries. No provision of the Contract Documents is intended or shall be construed to be for the benefit of any third party (other than a joint owner of a plant or facility, whether as a tenant in common or otherwise, for which the Work is intended).
- 35.4. Interpretation/Forum/Waiver of Jury Trial. Article and Section headings are for reference only and do not interpret, define or limit the scope or content of this Agreement or any provision hereof and shall be given no legal effect in the interpretation of this Agreement. This Agreement shall be construed in accordance with the laws of the State of Indiana without reference to its conflict of laws rules. Exclusive jurisdiction for any dispute shall be in the state or federal courts located in the State of Indiana. In addition, at the sole discretion of Owner, any dispute may be litigated in an Indiana Commercial Court ("ICC") established pursuant to Indiana Supreme Court Case No. 94S00-1601-MS-31 dated January 20, 2016 or as amended, renewed, or modified. In the event Owner elects for a dispute to be heard in the ICC, Supplier expressly consents to the jurisdiction of the ICC in the Superior Courts of Lake County or Elkhart County, Indiana. The parties agree that they have waived their right to a jury trial with respect to any dispute. No provision of this Agreement shall be interpreted more or less favorably towards either party because its counsel drafted all or a portion hereof. If any provision of this Agreement shall be held to be invalid, illegal or unenforceable, such provision shall be deemed to be restated to reflect the parties' original intentions as nearly as possible in accordance with applicable law(s). All of the remaining provisions of this Agreement shall nonetheless remain in full force and effect. This Agreement may be executed in counterparts (including by facsimile; email in portable document format (PDF); or, when agreed to in writing by Owner, other electronic means), all of which shall be considered one and the same agreement, and shall become a binding

CONSTRUCTION, AND MAINTENANCE SERVICES AND MATERIALS

- agreement when one or more counterparts have been executed by each Party and delivered to the other Party.
- 35.5. Non-Waiver. The failure of Owner to insist upon strict performance by Supplier or Owner's failure or delay in exercising any rights or remedies provided in the Agreement or by law shall not be deemed or construed as a waiver of any claims. No waiver by Owner of a breach of any provision of the Agreement shall constitute or be construed as a waiver of any other breach or of that provision. No payment, final or otherwise, nor the acceptance of any design, shall be construed as (i) an acceptance of Defective Work, (ii) relieving Supplier of its obligations to make good any defects or consequences for which Supplier may be responsible, or (iii) a waiver of any obligations of Supplier under the Agreement.
- 35.6. Assignment. Supplier shall not assign or transfer any rights, claims, interests, or obligations under this Agreement including monies that are due or may be due, without the prior written consent of Owner, which may be withheld in Owner's sole discretion. Owner may assign, in whole or in part, its rights, claims, interests, and obligations under this Agreement to any party, including affiliates and subsidiaries, without limitation. Upon Assignment by Owner, in whole or in part, of its, interest, or obligations under this Agreement and the assumption by Assignee of such interests, or obligations, Assignee shall be responsible for any obligations so assigned, and in the event of such assignment, Owner shall have no further responsibility with respect to such assigned obligations.
