

Information Request DPU 2-2

Request:

Refer to the Company's response to information request DPU 1-5. Please verify the accuracy of the data provided in Table 2 for the months of May, March, and April 2018. The average competitive supply price for these months drops below \$0.5/therm, despite maintaining an average price of approximately \$1/therm for every other month of data provided.

Response:

See Attachment DPU 2-2, that includes a tab labeled "Table 2-Incr Costs-Original" (that shows the data in Attachment DPU 1-5 filed in July 2020) and a tab labeled "Table 2-Incr Costs-Revised" for the updated table. The Company identified an error in the working file from which it derived the amount found in "Total Supply Costs Billed to R-2/R-4 Customers Served by Competitive Suppliers (\$)" in Excel Columns D and E of "Table 2-Incr Costs-Original." The corrected data is reflected in "Table 2-Incr Costs-Revised."
