Information Request DPU-2-1

Refer to the Company's response to information request DPU 1-6, Table 3, Column F. The "Illustrative RAAF (\$/therm)" for both 2019 and 2020 are calculated by summing the 2019 Actual RAAF amounts with the "Incremental AMP Costs Recovered through RAAF (\$)" calculated in Table 2, Column P. Please recalculate the "Illustrative RAAF" for both 2019 and 2020, such that it represents the applicable RAAF amounts in the scenario where all R-2 and R-4 customers received default service (i.e., the 2019 and 2020 actual RAAF amounts adjusted to remove the data presented in Table 2, column L).

Response

Please refer to Attachment DPU-2-1 for the requested information.
