**EDC 1-4:**

If the Department seeks to implement a provisional system planning program based on the study results of the above referenced group(s), how quickly following the completion of associated impact studies could the company prepare and submit a proposal to the Department?

**Response:**

The Company does not have any groups of applications that would require group Impact Studies at this time, however as part of the long range stakeholder DER planning stakeholder process proposed by the Company as Attachment 1 to its February 5, 2021 Reply Comments, the Company estimates it could provide finalized recommended solutions in three to four months after the analysis described in the fifth of the seven steps in the proposed process.
