Notes:

⁽¹⁾ The Company is unable to provide the number of disconnection notices by rate class. However, the Company did not send disconnection notices to the residential rate class during this time frame. Therefore, the number provided represents the C&I rate classes. As of August 2021, the Company was able to provide the number of disconnections by rate class.

 $^{^{} ext{(2)}}$ The Company is unable to provide the number of reconnects by rate class.

 $^{^{}m (3)}$ The Company is unable to provide the number and amount of reconnection fees by rate class.

⁽⁴⁾ Credit card fees are charged through a third party. Estimated credit card fees were calculated based on the number payments received. For May and June, the Company is unable to estimate the credit card fees since the Company is unable to breakdown the number of fees by rate class due to the implementation of SAP.

⁽⁵⁾ Late payment charges were not applied or collected. The number of customers and the amount provided is based on what was assessed. For May and June, due to SAP the Company does not have an accurate way to report what the late payment fees would have been. The Company will be able to provide late fee information moving forward beginning in July.

⁽⁶⁾ The Company is unable to provide the number of new deferred payment arrangements by rate class.

⁽⁷⁾ The Company is unable to track this information.

⁽⁸⁾ The Company is unable to provide the number of Completed AMP Program by rate class.

⁽⁹⁾ Due to the implementation of SAP, the Company is unable to report some information by rate class. The Company is working to see if it is something that can be provided in future reporting.
