

NSTAR Electric Company d/b/a Eversource Energy, EFSB 17-02/D.P.U. 17-82/17-83  
(Issued on January 29, 2018)

**Briefing Schedule:**

Friday, March 2, 2018            Initial Briefs of Company, Intervenors, and Limited Participants

Friday, March 16, 2018        Reply Briefs of Intervenors and Limited Participants

Friday, March 30, 2018        Reply Brief of Company

The Siting Board encourages all parties to address all relevant issues that have arisen during the proceeding in their initial briefs, rather than waiting to address issues for the first time in reply briefs. By doing so, the Siting Board will have the benefit of reviewing the full range of parties' initial arguments as well as their respective replies to the positions of opposing parties (i.e., issues in dispute will be more fully "joined").
